Greetings - I have attached the final report and recommendations from the Sightseeing Tour Bus Working Group that has been meeting since last May. The attached report represents the consensus of our community on how to bring calm to the streets of Hollywood and improve the visitor experience.

We stand unified in our support of these recommendations, and look forward to working with our city family to support the policy change required to restore peace to Hollywood in the summer of 2013!

Thank you to everyone on this email who has worked so collaboratively to flesh out this report.

Kerry
